VIII. ANTI-RAGGING COMMITTEE

Activity Report of 2019-2020

On the occasion of the welcome accorded to the newly admitted Degree students, an awareness on ragging related activities and the penalties in that regard was given by Dr. A. Suresh, Principal. The freshers were instructed to approach the Anti-ragging Committee of the College for addressing any difficulties faced in this regard. They were also informed about the contact numbers of the Principal, Coordinator of the anti-ragging Committee that was displayed in the main block of the college. An insight into the adverse impact of ragging related activities was given by Sri Sunil D. Kuruvilla (HR Trainer and Career Counsel, Insight Mission) during the Induction-Programme of Degree First year students. No incidents of ragging were reported in this academic year. The class tutors of senior students were requested to advise the students to refrain from indulging in ragging related activities.

The online submission of anti-ragging affidavit by the students, as mandated by the University Grants Commission, was effectively implemented and the print outs obtained on submission of the affidavits were collected from the students and documented.

As a positive measure, for coordinating the anti-ragging awareness activities in the Institution during the academic year 2020-2021, the anti-ragging committee resolved to constitute a group of two competent students from each class of first and second year degree and one student each from first year PG classes for effectively disseminating the information pertaining to the ragging related activities of the Committee.

XVIII. ADDITIONAL SKILL ACQUISITION PROGRAMME (ASAP)

Activity Report of 2019-20

ASAP is a joint venture of the government of Kerala and the Higher Education Department to cater to the creative and academic skills of students. Sree Sankara College, Kalady has been an institution that has achieved laurels in terms of its smooth conduct of this programme, since the past few years and is following it with the same momentum.

- **Welcoming First Year Students (15.07.2019)**

As a part of boosting the creative capabilities of students, on July 15th World Youth Skill Day ASAP students ASAP students made bookmarks with meaningful quotes which were distributed among the first year students. This was a gesture on their part to welcome the freshers to the college.

- **Photography and Caption Contest (15-18.07.2019)**

A photography contest was also conducted from July 15th to 18th 2019 based on the topic 'Fifty Shades of Sankara' as a part of celebrating the World Youth Skill day on the 15th of July 2019. The competition was based on photos captured within the college campus using only mobile phones. In addition to this a caption competition also took place for the college students. The advantage of these competitions was that all the students of the institute could be brought within the ambit of ASAP thus widening its comprehensiveness in terms of influencing the students.

- **World Youth Skill Day Celebration AFTESI 2K19 (25.07.2019)**

On the behalf of World Youth Skill Day July 15, ASAP 2018-19 batch students of Sree Sankara College Kalady conducted a Skill fest in the name "AFTESI'19" (which means SKILL in Albanian language) on July 25. The AFTESI'19 was inaugurated by Prof. C P Jaisankar Chief Operating Officer Adi Sankara Group of Institutions in the presence of Dr. A. Suresh Principal, Sree Sankara College, Dr. Preethi Nair ASAP Coordinator, Mis. Shinta Davis Skill Development Executive ASAP, Kerala. The skill fest involving exhibition and sale of items made by ASAP students along with a food fest. The students also distributed eco friendly sanitary napkins to the fellow students as part of the fest-AFTESI. The term is an Albanian word suggesting skill.

The main attraction of AFTESI'19 was an innovative product that made by ASAP students, that's ECO- FRIENDLY SANITARY NAPKINS made using only cotton and cloth. The product received so much appreciations from staff and students of Sree Sankara College.

Another attraction of AFTESI'19 was the food corner which include variety of food items (without unhealthy chemicals & preservatives) made by students and also a live corner for different types of Milk shakes and fruit Salads.

The exhibition included an Ornaments section, Craft section, Mehandhi corner and a Stationary section which included SEED PAPER PENS and Books made by students themselves.

The prize for the winners of Caption Competition and Photography Competition was also distributed on this occasion. Noufiya V. N. from Dept. of Hindi, Godwin K. George and Lathika from Dept. of English won the first, second and third prize, respectively for the photographic competition, And Albin Paulachan and Cibi Paul from Dept. of Commerce and Treesa George from Dept. of English won the first, second and third prize, respectively for the Caption Writing Competition.

The entire programme was under GREEN Protocol by minimising the use of plastics and promoting use of natural and biodegradable items. The programme was a grand success with the participation of students , teachers and non-teaching staffs of Sree Sankara College and also received good media attention. The programme came to an end at 4 pm.

XIX. RENAISSANCE

Activity Report of 2019-20

Renaissance

*Ideate *Create * Innovate

MULTIDISCIPLINARY CENTRE FOR RESEARCH, EXTENSION AND LEARNING

The year 2019 -2020 became a historic one both for the Centre and the College, as the Centre passed another milestone - foraying into the Massive Open Online Courses (MOOC) on the UGC **Swayam** Portal, the official Online Platform of the MHRD, India. The Centre collaborated with the Central University of Kerala. We thank Dr Joseph Koippally, the HoD of the Department of English, Central University of Kerala for the trust he reposed on us and to have made the Centre, part of the MOOC programme launched this year. Dr Sujeesh C K gave a session in the Course “Shakespeare Across Cultures” along with the other eminent English scholars from different parts of the country. We salute the team of Renaissance members - Sudeep Moothmana, Pranav Dange, Radhika S. and Adityan S. - for the diligent technical support.

In the academic scene of higher education in Kerala, Renaissance continues to foster quality benchmarks with its programmes, which include the innovative teaching learning platforms accessible to students across the State:

- **Synergy**: The Classroom Theatre (Two were done in other campuses)
- Renaissance **Patasala** for theories of Humanities (Two were done in our college)
- **Compass**: the Monthly Colloquium of research presentations (Three were done in our college).

Cross Campus Classroom (C3)

The Centre launched another innovative teaching learning programme this year - **Cross Campus Classroom (C3)**, where select sessions from the syllabus by the teachers of our college are opened to the young, enthusiastic scholars from the other disciplines and other institutions.

- **C3** on “Arthur Miller’s The Crucible” by Dr Sujeesh C. K. (which was attended by 9

- students from other campuses also) and
- C3 on “Players of the Immune System” By Dr S. Mohan (which was attended by around thirty students from other disciplines) were held during the year.

Winning the Wall

The art painting on walls series became a social event this year as Team Renaissance was invited by the Tahsildar of the Mini Civil Station at Perumbavoor to clean and beautify the compound wall of the Mini Civil Station. Renaissance conducted a 5 Day Winning the Wall event in which 180 M long part of the Compound Wall was cleaned and beautified with paintings by a team of twenty students led by the Coordinators, Prof Sreedevi N. S. and Dr Aparna Nangiar. Defying the blistering heat of February and March, other teachers from the college, school students from the locality and some enthusiastic people from the locality including the auto drivers also took part in the event.

We place on record our gratitude to the students, the teachers, the members of the non teaching staff, the principal, and the management for the continued support given to us. The various activities of the year 2019-20 are listed out in the following table.

XXI. INTERNAL QUALITY ASSURANCE CELL (IQAC)

Activity Report of 2019-20

The Internal Quality Assurance Cell, established in August 2005 to institutionalize the process of quality enhancement functions as a central point for strategizing various quality plans. Since inception, it has functioned as a crucial task force working towards

effecting desirable changes in the academic arena. It has intervened in all the important areas, and has made significant contributions in every segment of the academic sphere with a view to ensure quality and to trigger quality concerns in formulating policies, planning, and effective implementation strategies to steer the institution towards eminence. Clearly defined strategies have been put into practice for enabling the various sections and levels of the college acquire continuous upgradation. The significant activities are the following:

The quality policy is formulated through a series of strategic engagements with various segments of the institutional system. Routine meetings/ interactions are conducted with

- a) Students /class representatives
- b) Class tutors
- c) Non teaching staff
- d) Teachers
- e) Departments
- f) Alumni
- g) PTA
- h) Principal and
- i) Management

The IQAC believes that the college has progressed by channelizing its policies and procedures for fulfilling the needs of the various stakeholders. The activities taken up by the IQAC during the academic year 2019-20 are as follows:-

I. BEST PRACTICES OF IQAC – Vidya Deepthi

1. SMART (Sree Sankara Management Aid for Research and Transformation)

IQAC is of the firm conviction that up-dation of knowledge is of prime importance for the academic growth of any educational institution. With this objective in mind, the IQAC in its deliberations with the management had stressed the need for conducting seminars/workshops. The management sanctioned a total amount of Rs 2 lakh for conducting seminars/workshops, out of which Rs 20,000 each was to be allotted to the

various departments. The scheme was named by IQAC as SMART (Sree Sankara Management Aid for Research and Transformation).

The IQAC invited proposals for seminars/workshops from all the departments of the college. A total of 16 proposals were received and after close scrutiny 10 proposals were accepted. The departments that received funding for the conduct of seminars are as follows:

Background

BIDGEN-2019 is a one-day national seminar organized by the Department of Biosciences, Sree Sankara College, Kalady. The symposium focuses on the bioactive compounds from the natural resources which encompass the emerging trends and challenges related to the natural products. Various marine and terrestrial microflora and fauna could be a better resource for the biologically active compounds with potential applications. Unfortunately, these resources are found least explored in this regard. The seminar will also cover the scope of nanotechnology, an emerging field of science that mainly focuses on the use of nanometer materials in wide array of biomedical applications.

Outcome of the seminar

BIDGEN-2019 is expected to enlighten the audience about the scope of various natural products such as marine natural products (MNPs), phytochemicals, antimicrobial peptides (AMPs), etc in various fields. The personal experience and expertise of the resource persons in the relevant area can inculcate strong motivation in the new areas of research related to natural products.

Speakers

Cochin University of Science and Technology
Cochin-682016, Kerala, India
Topic: Challenges, Opportunities and Innovations in Marine Drug Discovery.

About the Institution

Sree Sankara College, Kalady was founded in the year 1954 by Swami Agamaranda, a social reformer and a foresighted scholar of Sri Ramakrishna Advaita Ashram. The institution was established with a view to perpetuating the memory and doctrines of the great saint and philosopher, **Adi Sankaracharya** and to nurture his birth place as a cultural citadel. The vision & mission of the organization was to establish a Centre of Higher Learning with two major objectives—dissemination of knowledge in tune with a university curriculum and fostering community development. The institution is affiliated to the Mahatma Gandhi University.

About the Department

Department of Biosciences came into existence in the year 2002 with Post-graduate programme in Biochemistry and Under-graduate programme in Microbiology. Later, the department started UG Biotechnology programme in 2005. Sree Sankara education trust started the programmes in compliance to the policy taken by the government in order to open the windows of self financing structure in private aided institutions as a mark of radical shift in the education policies of earlier precedent. It is appreciating to note that Sree Sankara Institution that set its motto of socio economic upliftment of the divine land of Kalady did not lie behind in setting this new structure of education with refined motive. The subject offered by the department helps in acquiring a great insight into the various sectors of bioscience streams. The course also offers the students good opportunities in opening new awareness of career with high prospects.

 In Collaboration with
Mahatma Gandhi University

About Us

Sree Sankara College (Aided), Kalady was founded in the year 1954 by Swami Agamananda, a social reformer and a foresighted scholar of Sri Ramakrishna Advaita Ashram. The institution was established with a view to perpetuating the memory and doctrines of the great saint and philosopher, Adi Sankaracharya and to nurture his birth place as a cultural citadel. The foundation stone was laid on 28 August, 1953 by His Highness The Maharaja of Travancore in the presence of The Maharaja of Cochin and several other distinguished personalities. The Sree Sankara College Association was formed in July 1954.

Background of the Seminar

The Finance Minister of India, Ms Nirmala Sitharaman announced merger of ten public sector banks into four, thereby making India a USD 5 trillion economy. The biggest overhaul in public sector banks has left India, with only 12 banks now instead of 18, before the decision. The reorganisation is expected to contribute much to the economy like, enhanced capacity to increase credit, strengthen national and international reach, reduction in lending cost, Next Generation technology for the banking sector, Capacity to raise market resources and so on. On the other hand, merger creates variety of problems which may cause great damage to the economy as a whole if not executed properly.

Hence, the Two Day National Seminar on the Reorganisation of public sector banks throws light on this situation which is to be debated as it is a catch 22 situation. This Seminar will be beneficial to the Academicians, Industrialists, Research Scholars, and Students.

Themes of the seminar

- Indian Banking Industry Outlook 2019-2020
- Banking Sector Reforms
- Indian Banking Sector: Challenges and Opportunities
- Digital Banking: Pros and Cons
- Global Impact on Banking in India
- Emanagement in Banking Industry
- Innovations in Banking Products
- Human Resource Integration
- Customer Impact and Perception
- Crisis in Management and Governance in Banking Sector
- Latest trends in the banking sector

ABOUT THE SEMINAR

The National Seminar on **"Innovative Media Pedagogy & Effective Skill Training"** focused on the significance of media in the contemporary era. Without media no civilian can survive. This led to the pavement for many media organizations to flourish. Media education should cope up with the emerging trends in the industry and also the pupils should refine with skills as per the requirements of the industry. The seminar intends to cater to the taste of media faculties, research scholars from media field and also whoever wish to become a media faculty. The outcome we expect from the seminar are various innovative and creative media teaching methods or pedagogy through group activities, creative discussions, experience and idea sharing. This is also a foundation for the participants to get updated with the current media teaching scenario.

Two Day Conference
 On
Autopathography: Disease and Literary Imagination
 10th and 11th February, 2020

Sponsored by the Management
 &
 Supported by
 Internal Quality Assurance Cell, Sree Sankara College, Kalady

Objective of the Conference

Autopathography, a relatively new genre in literature focuses on the self narratives related to the physical and/or mental illness- the "patient's tale". Vulnerability of the body to disease has constantly perplexed humankind from time immemorial. A compelling urge to record this emotional and intellectual catharsis, that is often the eventuality of an illness, has led to the birth of this genre. This involves the realization of what it is to be a convalescent and recognition of his/her attempts to acclimatize with the illness and resultant treatment. The conference: Autopathography: Disease and Literary Imagination, focuses on 'plain tales of illness' which problematize body, denial, frustration, shame, dilemma, trauma, etc. Autopathographical writers hope to erase the stigma related to life threatening diseases and to bring spiritual health to the suffering humanity.

SILVER JUBILEE NATIONAL SEMINAR

BIOSPECTRUM - 2020

GENOMICS

27-28 February 2020

ORGANISED BY
POSTGRADUATE AND RESEARCH
DEPARTMENT OF MICROBIOLOGY
SREE SANKARA COLLEGE, KALADY

About the college

Sree Sankara College, Kalady was founded in the year 1954 by Swami Agamanada with a vision to perpetuate the memory of the great philosopher and saint Adi Sankaracharya and to nurture his birth place Kalady, as a cultural citadel.

The college is affiliated to the Mahatma Gandhi University and included in 2(f) and 12(B) act of the UGC, 1954. The National Assessment and Accreditation Council has accredited the college with B++ grade.

About the Department

The Department of Microbiology was established in the year 1995. It offers Postgraduate programme in Microbiology. The Department is a recognised Research Centre affiliated to Mahatma Gandhi University and is now supported by the Department of Science and Technology, Government of India under the FIST scheme and Kerala State Council for Science Technology and Environment under the SARD scheme.

About the seminar

Genomics is an interdisciplinary area of biology which involves the sequencing of DNA of genes or the complete organism.

Genomics uses a combination of recombinant DNA technology, DNA sequencing methods and bioinformatics to sequence, assemble and analyse the structure and function of genes and their interrelationships. The recent advances in Bioinformatics and the advent of high throughput instruments have led to the generation of enormous data; which can be accessed and analysed only by experts in this field. This seminar focuses on the topics related to genome sequencing, metagenomics and the interpretation of the generated data. Interaction with the experts in this field will shed light on these aspects.

Inaugural address

Dr. Prakash Kumar B. CoE & DCCO, MGU.

Invited Speakers

Dr. Sarita Bhat, Professor, Dept. of Biotechnology, CUSAT

We, the Department of History and Political Science cordially Invite you for a two day seminar on Reconceptualising Women in Colonial Kerala: Issues and Paradigms

The seminar endeavour to bring the multiple and changing expression of women within colonial discourses. The interface between colonial perception and gender representation in Kerala is being highlighted. The debates made by colonial and anti-colonial discourse in redefining and recreating the identity of women and its impact on Kerala Society needs to be explored. It also focuses on the role of caste, community, literature and the so called Kerala Renaissance in Conceptualising 'Malayali Women'

We expect your participation and support for the success of the same.
