- We collected the data of the SC/ST and Minority students of 2022 admission from all departments. We created WhatsApp groups for the convenience of students. Students could post their queries through these platforms. We ensured whether the first year students submitted forms for E grantz. Enquiries were conducted with regard to any difficulties they found in the process. We also collected the personal detail of students

admitted in 2022 through Google forms. We also enquired with the students of 2020 and 2021 admission whether they received the E grantz amount and also asked them to update about the current status of various scholarships and other schemes like laptop, Padanamuri etc.
