Report of the activity

KREEPA EXPO 2022 was held on 10th to 12th November 2022 at Bolgatty Palace, Kochi. Department of Renewable Energy Management being a member of KREEPA participated in the event. The event was an endless opportunity in the Renewable Energy & EV Sector. Students can explore tremendous opportunities to understand the latest Technology products, manufactures, Service providers and to research the limitless investment opportunities in the renewable energy sector. Fifteen students from the 1 st year batch got the fortune to become the volunteers of the event. The second and third year students have participated in the placement drive conducted by the event coordinators. The students learned about rooftop solar power systems, electric goods and automobiles, a variety of renewable energy systems, and solar energy storage options thanks to the KREEPA, the Green Power Expo Kochi 2022. The team's seminar gave the students insight into recent advances in the field of renewable energy.

Outcome of the activity
