

REPORT OF THE PROGRAMME CONDUCTED

Dept. of
Sree Sankara College Kalady

Title of the activity	Hands-on training on Apiculture
Date and Time	31/05/2023 throughout the year
Resource person	Bhasichetan
Nature of activity	College
Type of Activity	,
Linkage Activity	
Convener	Dr.Sampath Kumar S
Number of participants	100
Report of the activity	Skill Enhancement in Apiculture: The budding zoologists are are being trained on Bee Culture and Management practices. They manage it throughout the year. As they do it they gain the experience in apiculture. They are observing the life activities and the adaptation of honey bees. They are managing the Beehive by frequent weekly observation of the bee hive. They use smoke to calm the bees before opening, and inspect for the health of the bees in the hive and attend to their needs. When food is less as during this year, they feed them with sugar syrup. They manage the apiary during the dearth period as well as during the honey flow period. Finally when the season arrives and the frames are full of honey, they also extract the honey after de-capping the comb, using a honey extractor. https://youtube.com/playlist?list=PLfnkNLISwi9PpBv-MUG5iGNP2syaSfXrT&si=a18IR0tK-sM9NMoh
