Internal Quality Assurance Cell (IQAC)

Sree Sankara Management Aid for Research and Transformation (SMART) 2023-2024

Internal Quality Assurance Cell (IQAC) of our college has launched a Sree Sankara Management Support for Research and Transformation (SMART) initiative with the goal of enhancing research aptitude and stimulating the institution's quality academic environment. The primary aim of this initiative is to invigorate research aptitude among faculty and students while fostering an atmosphere of academic excellence within the institution.

Under the SMART initiative, dedicated funds have been allocated to various departments within the college. These funds are designed to empower departments to undertake innovative research projects, provide resources for faculty development, and support initiatives that enhance the overall quality of academic offerings.

By implementing SMART, the IQAC promotes a culture of research and academic growth and contributing to the institution's mission of providing students with a well-rounded education. This initiative aligns with our commitment to excellence and continuous improvement, ensuring that our college remains at the forefront of educational innovation.

Through SMART, we envision a future where our institution thrives as a hub for cutting-edge research and a nurturing environment for intellectual growth, benefiting our faculty and students while further solidifying our reputation for academic excellence.

The SMART Scheme was introduced in the year 2019-2020.

OBJECTIVES

1. **Enhance Research Culture:** Foster a culture of research within the institution by encouraging both faculty and students to actively engage in research activities.
2. **Faculty Development:** Provide resources and support to faculty members to enhance their research skills, publish scholarly work, and stay updated with the latest developments in their respective fields.
3. **Innovative Research Projects:** Allocate dedicated funds to departments to undertake innovative research projects that contribute to knowledge creation and address relevant societal and academic challenges.
4. **Quality Academic Offerings:** Support initiatives that improve the overall quality of academic programs, ensuring that students receive a high standard of education.
5. **Continuous Improvement:** Align with the institution's commitment to excellence and continuous improvement by regularly assessing and enhancing the research and academic environment.
6. **Reputation Building:** Position the institution as a hub for cutting-edge research, innovation, and academic excellence to attract talented faculty and students and enhance its reputation.
7. **Strengthen Institutional Bonds:** Foster collaboration and knowledge sharing with industries.

METHODOLOGY

The IQAC of Sree Sankara College invites applications from all the departments of the College for conducting conference / seminar/ Webinars/ symposium at international, national, and state level on various subjects of academic relevance. The best proposals will be selected based on the relevance of the topic meeting the requirements of the SMART Scheme. A committee will be constituted for the evaluation of these proposals submitted by the departments. After evaluation the best proposals will be accepted considering their contribution to research and development initiatives and financial assistance will be granted for the conduct of the events. The proposals are invited in the months of July/August/September. The programmes need to be completed within the respective academic year.

SMART has invited applications for proposals in the month of Sept 2022. Applications were received from 11 departments for the conduct of Workshops, Webinars, Conferences and Symposia. The proposals of the following departments were accepted considering their contribution to research and development initiatives. The departments are:

1. Department of English
2. Department of Sanskrit
3. Department of Microbiology - Unaided
4. Department of Chemistry
5. Department of Commerce
6. Department of Economics

AI TOOLS

AI Tools for Searching Literature: This module equips participants with the skills to proficiently utilize AI tools for literature searches, enabling a streamlined and comprehensive exploration of relevant academic resources, thereby enhancing the quality and depth of research.

AI Tools for Literature Review: Delve into innovative AI tools designed to assist in conducting meticulous literature reviews. This segment aims to nurture skills in identifying, evaluating, and synthesizing existing scholarly works effectively.

AI Writing Tools: Participants will be introduced to AI writing assistants that facilitate seamless and proficient content creation, enhancing writing efficiency while maintaining a high standard of academic integrity.

AI Chat/Summarizer/Paraphraser: This module provides an insight into AI tools capable of summarizing and paraphrasing complex texts without losing the essence, offering an avenue for time-efficient and effective content analysis.

AI Tools for Data Analysis and Visualisation: Embark on a journey to explore AI tools that assist in data analysis and visualization, fostering the ability to derive meaningful insights from data and present them in visually appealing and understandable formats.

AI Grammar Check and Editing Tools: Gain hands-on experience with AI tools proficient in grammar checking and editing, which ensure the creation of polished, error-free, and academically sound manuscripts.

REPORT

Empowering Academic Excellence – AI Tools for Research and Publication, 5day National Online workshop jointly organised by PG Department of Commerce and Lore&Ed Research Associates ,started off with an inaugural ceremony @7pm on 27/05/2024.Ms. Manju C R, Assistant Professor, Department of Commerce addressed the gathering with a welcome address. Ms S Gowri Antherjanam, HOD, Department of Commerce delivered Presidential address. Dr. Preethi Nair , Principal, SSC, Kalady inaugurated the event. Ms. Gopika G, IQAC Coordinator congratulated the Department of Commerce for the initiation of such events.

Session 1 was dealt by Dr. Jijo P Ulahannan, Physicist, Govt. college, Kasargod. His presentation was on the topic AI tools for searching literature. It helped the participants to utilize AI tools for comprehensive exploration of relevant academic resources, automated summation , data management etc.

Sri. J S Anantha Krishnan, Translator, Orator and Literary columnist, Sri Sankaracharya University of Sanskrit was the resource person for the 2nd and 3rd day. He dealt with topics AI tools for literature review, Systematic Review, Citation Analysis Tools, AI writing tools, Content generation, AI Poewred writing and structuring, Grammer checks and editing tools

Sri Jasimudeen S, Librarian , St. Stephen's College, Uzhavoor joined on day 4. He introduced AI tools for Data Analysis and Visualisation. By leveraging AI tools for data analysis and visualization participants can streamline the process of extracting meaningful insights, creating impactful visualizations, and making data-driven decisions more effectively.

Day 5 was more of a discussion nature Sri J S Ananthakrishnan and Sri Jasimudeen joined the session. The session highlighted the transformative impact of AI tools across various domains. Even though tools offer significant advantages in efficiency, accuracy, and insights, it is essential to integrate human expertise and critical thinking to maximize their benefits. The major take aways were a deeper understanding of how to leverage AI tools effectively in their respective fields. The session concluded with a vote of thanks from Ms. Manju C R, Department of Commerce.

Report on the International Conference on Green Chemistry and Environmental Sciences conducted by Research and Postgraduate Department of Chemistry on 20th July 2023

Research and Postgraduate Department of Chemistry, Sree Sankara College, Kalady organised an International Conference on Green Chemistry and Environmental Sciences-**ICGCES-2023** in collaboration with Mahatma Gandhi University, Kottayam on 20th July 2023. This Conference was an event dedicated to promoting and advancing sustainable solutions, research, and innovation in the fields of green chemistry and environmental sciences.

The registration of the Conference started at 9.00 am and inaugural session was from 10 -10.45 am. The programme was presided over by the Principal Dr. Preethi Nair, the Keynote address was delivered by Chief Operations Officer Prof. C P Jaisankar, and inaugurated by the Chief guest of the Conference, Dr. M Gopalakrishna Pillai, Director of Sophisticated Test and Instrumentation Center, Cochin University of Science and Technology. Dr. Sreekala M S, Associate Professor, School of Chemical Sciences delivered felicitation address. The programme convenors were Dr. Jesitha K (Assistant Professor, Department of Chemistry and, Ms Manjula Krishnan (Assistant Professor and Head, Department of Chemistry). The student coordinators were Mr. Vivek T M (Msc Chemistry), Ms. Aleena Biju (BSc Chemistry) and Abhijith M (Research Scholar, Mahatma Gandhi University). A total of one hundred participants including students and faculty members attended the programme.

Technical sessions of the Conference comprised of invited talks by eminent Personalities working in the related fields. The sessions were handled by Dr. Nayeem Mullungal from Department of Biological and Environmental Sciences, Qatar University on the topic '*Green Applications of marine natural products:an Algal Story*'; Dr Shafeer Kalathil, Assistant Professor and VC Senior Fellow, Department of Applied Sciences, Northumbria University, UK on the topic '*Microbial Solutions for Climate & Energy Crises*', Dr. Shaju S S, Head of the Department of Chemical Oceanography, Cochin University of Science and Technology on the topic '*Ocean colour remote sensing for environmental research*' and Dr. Sarika A R Scientist from KSCSTE on the topic '*Exploring the Interplay of Microbiome and Environment*'. With a view to encourage research scholars/young scientists, oral presentations were included and the Best oral presentation was awarded. Mr. Deepak Prabhu from Maharajas College, Ernakulam won the Award for the Best oral presentation.

The International webinar provided a platform for faculty, research scholars and students to interact personally with trend setters in the concerned fields thereby paving the way for enhancing their research aspirations.

TOPIC :
"Exploring the Creative Potential of Graduate
Students in Startups and Funding Opportunity"

Dr. Renu Susan Samuel,
Assistant Professor, Dept of Economics & SPC-IIC
President, Innovation Ambassador, IEDC Assistant
Nodal Officer,
St Peter's College, Kolenchery.

The Department of Economics organized an insightful talk on "*Exploring the Creative Potential of Graduate Students in Startups and Funding Opportunities*" under the SMART Scheme on 14.08.2023. The session aimed to inspire graduate students to channel their creativity and entrepreneurial spirit into successful startups while exploring various funding avenues to support their ventures.

The talk was delivered by *Dr Renu Susan Samuel, Assistant Professor, Department of Economics, St Peters College, Kolencherry*, a renowned expert in entrepreneurship and startup development, who shared valuable insights into identifying innovative business ideas, developing sustainable models, and overcoming challenges in the competitive startup ecosystem. The speaker also highlighted various government initiatives, funding schemes, and private investment opportunities available to young entrepreneurs.

The interactive nature of the session allowed students to engage in discussions, ask questions, and receive tailored advice on refining their entrepreneurial ideas. Attendees found the talk highly motivating and informative, gaining a clearer understanding of the steps involved in starting and sustaining a business. The event concluded with a vote of thanks by Parvathy Ramesh DcII Economics student for their efforts in fostering an entrepreneurial mind-set among graduate students.

The program, *"A Talk on Exploring the Creative Potential of Graduate Students in Startups and Funding Opportunities,"* achieved several key outcomes:

1. **Increased Awareness:** Students gained a comprehensive understanding of how to identify and develop innovative business ideas and transform them into viable startups.
2. **Funding Insights:** Participants were introduced to various funding opportunities, including government schemes, private investments, and grant options available for startups.
3. **Skill Development:** The session equipped students with essential skills, such as business planning, idea pitching, and understanding market dynamics, crucial for entrepreneurial success.
4. **Motivation and Inspiration:** The talk encouraged students to explore their creative and entrepreneurial potential, fostering confidence and a proactive mindset toward launching their own ventures.
5. **Networking Opportunities:** Participants had the chance to interact with the speaker and peers, creating a platform for collaboration and idea exchange.
6. **Alignment with SMART Scheme Goals:** The program successfully aligned with the SMART Scheme's objectives by promoting innovation, creativity, and entrepreneurship among graduate students.

The event left students feeling empowered and better prepared to navigate the challenges and opportunities of the startup ecosystem.

INTERNATIONAL SYMPOSIUM ON
CARDIAC STROMAL CELLS IN MYOCARDIAL REGENERATION

By
DR. FINOSH G THANKAM,

Assistant Professor,
Tissue Engineering and Regenerative Medicine, Department of Translational Research,
Western University of Health Sciences, Pomona, United States.

Department of Biochemistry organized an International symposium on 'Cardiac stromal cells in myocardial regeneration' by Dr. Finosh G Thankam, Assistant Professor, Tissue Engineering and Regenerative Medicine, Department of Translational Research, Western University of Health Sciences, Pomona, United States, under the financial support of Sree Sankara College IQAC SMART SCHEME. The symposium was held at Sree Chandrashekhara Bharati Seminar Hall on 21-12-2023 with 104 participants. The programme started at 10.00 AM with the prayer song by Ms. Parvathy Madhav, I MSc Biochemistry student. Ms. Sana T P, I MSc Biochemistry student delivered the welcome address. Dr. Preethi Nair, Principal, Sree Sankara College gave the presidential address followed by felicitation by Dr. Manju T, IQAC Coordinator, Sree Sankara College. The Dais was then handed over to Dr. Finosh for the talk, and interaction with the students. The session was concluded by the vote of thanks delivered by Mr. Agnihotri V S, I MSc Biochemistry student.

The scientific talk on "Cardiac Stromal Cells in Myocardial Regeneration" provided a comprehensive exploration into the role of cardiac stromal cells in myocardial regeneration. The presentation was part of ongoing efforts to understand innovative approaches to cardiac tissue repair and regeneration. Dr. Finosh began the talk by providing a detailed overview of the current challenges in myocardial regeneration and the importance of exploring novel therapeutic strategies. The scientist delved into the methodologies used for the identification and characterization of cardiac stromal cells. This included discussions on specific markers, isolation techniques, and the unique properties that distinguish cardiac stromal cells from other

cell types. Following the presentation, a dynamic question-and-answer session allowed attendees to engage with Dr. Finosh. The questions covered a range of topics, including potential clinical applications, scalability of cell therapies, and avenues for collaborative research. The talk was both enlightening and thought-provoking.

Outcome of the Programme

- Students gained a deeper understanding of the role of cardiac stromal cells in myocardial regeneration.
- Increased awareness of the current state of research and recent advancements in the field.
- Demonstrated scientific rigor in experimental design, execution, and interpretation of results.

ABOUT THE SPEAKER

Dr. Finosh G Thankam currently serves as an Assistant Professor specializing in Tissue Engineering and Regenerative Medicine within the Department of Translational Research at Western University of Health Sciences in Pomona, CA, USA. A dedicated and self-motivated individual, he entered the realm of Biomedical research with a strong commitment and determination. Dr. Thankam's diverse interests span various domains of Life Sciences. Recognized for his contributions, Dr. Thankam has received several awards and honors. He has authored numerous research papers published in both national and international peer-reviewed and scopus indexed journals. Driven by a vision for the future, Dr. Thankam aspires to establish his own institute, positioning it as a national center of excellence in tissue engineering and translational research. This envisioned institute not only aims to advance the field but also seeks to provide opportunities for the next generation to cultivate their research careers.

A WORKSHOP ON
COMPUTATIONAL TOOLS IN DRUG DESIGNING

By

DR. SHOWMY K S

Assistant Professor

Department of Botany & Computational Biology

St. Aloysius College, Elthuruthu, Thrissur

Department of Biochemistry facilitated a hands-on workshop on ‘**Computational Tools In Drug Designing**’ under the guidance of Dr. Showmy K S, Assistant Professor, Department of Botany & Computational Biology, St. Aloysius College, Elthuruthu, Thrissur. The programme was held at Computer Lab, Sree Sankara College, on 06 March 2024, under the financial support of Sree Sankara College IQAC SMART SCHEME. The programme started at 10.00 AM with the prayer song by Ms. Sneha Francis, II MSc Biochemistry student. Ms. Shaina, I MSc Biochemistry student delivered the welcome address. Roufath, I MSc Biochemistry student gave a brief introduction about the resource person. The venue was then handed over to Dr. Showmy for the providing practical experience in utilizing computational tools for drug discovery and design to the students. The session was concluded by the vote of thanks delivered by Mr. Agnihotri V S, I MSc Biochemistry student.

The hands-on workshop on ‘Computational Tools In Drug Designing’ provided a comprehensive exploration into the practical experience in utilizing computational tools for drug discovery and design. The workshop aimed to bridge the gap between theoretical knowledge and practical application in the field of pharmaceutical research. The workshop commenced with an overview of computational tools commonly used in drug designing, including molecular docking, molecular dynamics simulations, and quantitative structure-activity relationship (QSAR) analysis. Participants were introduced to various software packages and online platforms available for molecular modeling and virtual screening. The participants had the opportunity to work with the computational tools under the guidance of

the experienced instructor. Through interactive exercises and case studies, attendees gained practical insights into molecular docking techniques, ligand-receptor interactions, and structure-based drug design principles.

Outcome of the Programme

- Students developed hands-on proficiency in using computational tools for drug designing
- The workshop ignited enthusiasm and passion among participants for computational drug design.
- The workshop fostered collaboration and knowledge exchange among students, paving the way for future advancements in pharmaceutical research.

TriPS – 2024

TriPS series (Trends in Physical Science) was initiated in the year 2011 at the Department of Physics as a forum for discussing and deliberating the recent advancements in Physics and allied sciences for the benefit of students, scholars and teachers in and around the college. The eight event in the TriPS series was held in 2023-24 in online mode, with support from IQAC-SMART scheme. The programme was organized on 26th March 2024, in honour of the retiring Teachers Dr. Anitha Abraham and Sri. Ben Jos.

1. Detailed description of the events

Dr. Jacob Johny who is an alumnus of the department (BSc-2012 and MSc Physics 2014) is currently working as Post Doctoral Research Associate at Max Planck Institute for Energy Chemical Energy Conversion, Mullheim, Germany. Dr. Jacob Johny talked on Mono and Multi metallic Nanoparticles: Synthesis and in-depth phase structure analysis for renewable energy applications.

Dr. Vineetha V. Kumar, who is an alumnus of the department (BSc 2012 Batch) is currently working as Post doctoral Research Associate at University of Duisberg-Essen, Germany. She talked on “Systematic Processing workflow of Transition Metal Anode Materials for water electrolysis”.

In addition to the research talk, Dr. Vineetha V. Kumar and Dr. Jacob Johny delivered explained various opportunities to pursue research in well-known laboratories in Europe, and various scholarships available.

SEMINAR REPORT

The seminar on "Climate Change and Microbial Diversity of Polar Regions" was organized by the Department of Microbiology and the Internal Quality Assurance Cell (IQAC) under SMART Scheme at Sree Sankara College, Kalady on 11/08/2023.

The event aimed to create awareness and provide insights into the impact of climate change on the microbial diversity of polar regions. The seminar featured Dr. AA Mohamed Hatha, a distinguished senior Professor and Head of the Departments of Marine Biology, Microbiology, and Biochemistry at Cochin University Of Science and Technology, as the resource person. The seminar drew the participation of 170 attendees, primarily Postgraduate (PG) Microbiology and Biochemistry students, as well as undergraduate (UG) students of Microbiology and Biotechnology.

Dr. AA Mohamed Hatha, the esteemed resource person, delivered a talk on the intricate relationship between climate change and microbial diversity in polar regions. He highlighted the pivotal role of microbes in maintaining ecological balance, nutrient cycling, and overall ecosystem health. Dr. Hatha presented compelling research findings and case studies illustrating the impact of temperature rise, melting ice, and altered precipitation patterns on microbial communities. He also discussed the potential consequences of these changes on larger Arctic and Antarctic ecosystems.

The seminar also included an interactive session where participants had the opportunity to engage with Dr. Hatha and seek clarifications on various aspects of microbial diversity and climate change. Participants posed thought-provoking questions, fostering a stimulating exchange of ideas and knowledge.

THUS SPOKE NIETZSCHE: A NATIONAL DISCOURSE ON MODERN PHILOSOPHY AND LITERATURE

Under the SMART scheme of IQAC of Sree Sankara College, the National Seminar on 'Thus Spoke Nietzsche' unfolded as a confluence of erudition and intellectual discourse on October 17th and 18th, 2023. This distinguished event was an outcome of a collaborative effort by the Research and Post Graduate Department of English, Sree Sankara College, in collaboration with the College Development Council and the School of Letters, M.G University Kottayam.

Esteemed resource persons, hailing from prestigious academic institutions, graced the occasion to shed light on the profound philosophies and literary contributions encapsulated in Nietzsche's works. Dr. H. Kalpana, a luminary from the Department of English at Pondicherry University, Dr. T.V Madhu, a distinguished Professor in the Department of Philosophy at the University of Calicut, Dr. Jyothimol P, Vice Principal and Professor of English at Baseliious College, Kottayam, Dr. T.k. Rajendran, Assistant Professor at University College, Thiruvananthapuram, and Mr. Thulasidas B, Assistant Professor in the Department of English and Oriental Languages at CKGM Government College, Perambra, collectively enriched the seminar with their insightful perspectives.

The primary objective of the seminar was to serve as a platform fostering a nuanced understanding of Nietzsche's enduring relevance as a profound thinker. It aimed to bridge the perceived gap between literature and philosophy, recognizing the symbiotic relationship between these disciplines. By fostering dialogue, the event sought to highlight the interconnectedness and mutual enrichment that occurs when these two realms intersect. Paper presentations, integral component of the seminar, provided scholars and participants with an opportunity to delve into the intricacies of Nietzschean thought, thereby contributing to the scholarly discourse on modern philosophy and literature.

The event, marked by intellectual fervor, achieved its objectives with resounding success. The

resource persons, who are experts in their respective domains, offered profound insights into Nietzsche's philosophy and its impact on literature. The paper presentations, conducted over the course of both days, fostered an environment of scholarly engagement, allowing participants to contribute to the ongoing discourse. Moreover, the seminar generated a collective awareness of the indisputable relevance of Nietzsche as a profound thinker. It acted as a catalyst for sustained academic discourse, leaving an indelible mark on the participants' intellectual landscape. The collaboration between the Research and Post Graduate Department of English, College Development Council, and School of Letters exemplified the commitment to fostering interdisciplinary dialogue, paving the way for future endeavors that transcend disciplinary boundaries. Dr. Saumya A P and Ms. Shreeja Narayanan, as the programme conveners, played pivotal roles in ensuring the seamless execution of the seminar, contributing to its success. In essence, the National Seminar on 'Thus Spoke Nietzsche' not only enriched the academic tapestry of Sree Sankara College but also served as a beacon for fostering intellectual exchange in the realms of modern philosophy and literature.

Report

On 16th September 2023, Department of statistics organized a workshop on Data Visualization and storytelling using Power BI under the SMART scheme, IQAC, Sree Sankara College. Kalady. Dr. Shailesh Sivan, Assistant Professor, Department of Computer Science, CUSAT was the resource person. This event aimed to equip participants with advanced skills in data representation and interpretation, focusing on the practical applications of Power BI. The workshop catered to students

and professionals aspiring to excel in competitive examinations and roles demanding data analysis expertise.

Objective The primary objective of the workshop was to familiarize participants with:

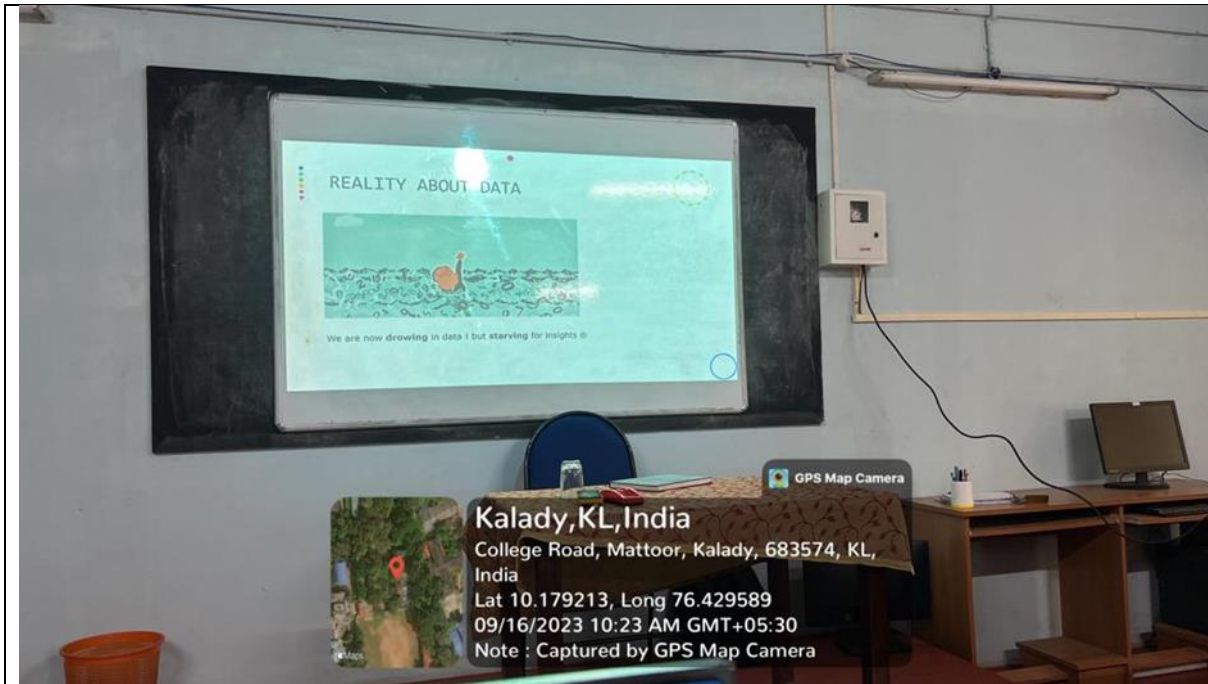

1. The core functionalities of Power BI.
2. Techniques for creating impactful data visualizations.
3. The art of storytelling through data to derive actionable insights.
4. Best practices for solving data-centric problems, a key component in various competitive examinations.

Session Highlights The workshop featured the following key components:

1. **Introduction to Power BI:**
 - Overview of the Power BI interface and its features.
 - Data import and preparation techniques.
2. **Data Visualization Techniques:**
 - Step-by-step guidance on creating dashboards and reports.
 - Use of charts, graphs, and other visual tools for effective data representation.
3. **Storytelling Through Data:**
 - Structuring narratives around data to support decision-making.
 - Real-life case studies demonstrating the impact of data-driven storytelling.
4. **Application to Competitive Examinations:**
 - Strategies for tackling data interpretation and analysis questions.
 - Insights into data-centric sections of exams like CAT, GMAT, and government recruitment tests.
